

The Arkansas Valley Audubon Society will again sponsor its annual PUEBLO COUNTY FALL BIRD COUNT Saturday 9-16-17. Anywhere in the County can be birded. If you wish to join the Greenhorn Valley team, meet 8AM at the Lake Beckwith dam parking area in Colorado City. We will bird the Rye/Colorado City area most of the day. Bring lunch if you plan to bird afternoon.

If you wish to bird other areas of the County, please let me know where you will be birding. Doing so will help avoid overlapping coverage. Submit your lists by email or post with the following information:

- 1) List all birds seen & the number of each species seen. Please do not use 4 letter codes such as VIRA for Virginia Rail.
- 2) List number of hours & miles traveled by car & the number of hours spent on foot SEPARATELY. Please do NOT combine.
- 3)List names & emails of others who birded with you.

All participants will receive a summary of Count results after your lists are compiled. Final results will be posted on the ebird/International Migratory Bird website <www.birdday.org>
