

AVAS is embarking on a project to get kids out in nature- Bird walk today along the Arkansas River with kids from the Pueblo Boys/Girls Club.

Kids were excited to see Osprey, Red-tailed Hawk, Red-winged Blackbirds, Coots, Pied-billed Grebes, ducks, finches, and the biggest hit- American Robin!!

If you want to help with scholarships for kids to attend summer camps, you can donate on the AVAS website: socobirds.org.

Thanks!
